Feel comfortable

A harmonious room design promotes well-being and helps to ensure that residents accept their new home and feel comfortable. We offer a comprehensive range of furniture, consisting of wardrobes, sideboards, bedside cabinets as well as a table and chairs to match our high-quality care beds.

For a care environment without compromises – visually harmonious, functional and easy to maintain.

The wood finishes we offer for our care beds are also available for our healthcare furniture and can therefore be adapted to any room design.

Bedside tables: Dimensions and features

Care furniture is just as individual as the people who use it. The featured collection of bedside cabinets will impress with their practical functions and generous storage space. A wide range of optional features ensure our bedside cabinets can be adapted to the individual requirements of residents in care homes and retirement homes.

Bedside cabinet WI N

Part no. V6NB616A10011000-881

45×65×49 cm (W/H/D)

- flat drawer
- deep drawer with bottle holder

Optional:

- shelf with revolving door
- drawers with soft close
- lockable
- cover shelf with rounded corners

Bedside cabinet WI

Part no. V6NA620A1H011000-881

45×69×49 cm (W/H/D)

- flat drawer
- open storage compartment
- deep drawer with bottle holder

Optional:

- shelf with revolving door
- drawers with soft close
- lockable
- cover shelf with rounded corners
- pull-out tray with lock

Bedside cabinet WIV

Part no. V6NK8178A1011009-881
47x66x47 cm (W/H/D)

- pull-out tray with lock
- flat drawer
- deep drawer with bottle holder
- Rounded edging

Optional:

- shelf with revolving door
- drawers with soft close
- lockable

Bedside tables with side tray

Bedside cabinets WIII-Flex and WIII-Flex M (with mini-bar) are optionally available with a continuously height adjustable tray column. Optionally, this can be installed on the right or left-hand side to the main cabinet without the need for tools and using a quick-release lock. In comparison, bedside cabinet WIII has an inbuilt tray column and can be used on either side of the bed thanks to its drawer runners on both sides.

Bedside cabinet WIII-Flex

Part no. V6NG626A1H012000-881
45 x 75 x 49 cm (W/H/D)

- flat drawer
- open storage compartment
- deep drawer with bottle holder

Optional:

- shelf with revolving door
- side tray, height adjustable (side tray Page 7)
- drawers with soft close
- lockable
- cover shelf with rounded corners

- functions such as tray column for WIII-Flex (see above)

Optional:

- additional shelf
- deep drawer with bottle holder
- drawers with soft close
- cover shelf with rounded corners

W III-Flex SE bedside cabinet

The special edition of the well-tried W III-Flex bedside cabinet is equipped with glare-free ambient lighting, which creates a particularly cosy atmosphere and provides improved orientation in the care room during the night.

The functional all-rounder provides numerous convenient functions in close proximity to the care bed, with an integrated supply bar and an inductive charging facility*. Thanks to the practical drawers with soft closing mechanism, a sufficient number of storage options for personal possessions are available.

The optional touch panel under the supply unit offers generous storage space. For additional flexibility, the bedside cabinet can be extended with the function of a height-adjustable bedside tray with the optional tray column.

Elegant design and practical functions:

The front of the bedside cabinet conceals the power supply unit with a switch for controlling the light and 2 USB connections (USB A/C) for convenient charging of Smartphones or tablets. An additional Schuko socket makes it possible to connect other electrical devices.

Optional Qi charger:

The W III-Flex SE is optionally available with a Qi charger in the top panel, which makes convenient, contactless charging of compatible devices possible.

Discover an innovative bedside cabinet for modern care concepts with the W III-Flex SE.

W III-Flex SE bedside cabinet

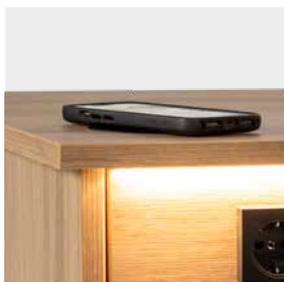

Part no. V81000306XXX

45x75x48 cm (W/H/D)

- Power supply unit with 220V socket, USB connection (USB A/C) and light switch for warm white ambient lighting
- flat drawer with soft closing mechanism

- height adjustment from 73 - 110 cm
- tray made from 19 mm furniture board 86x43 cm in Beech finish
- undercarriage with four 50 mm castors, 2x single brake castors

Cabinets: flexible and adjustable

Malsch cabinets have freely selectable interior partitions with flexible storage space. Additional equipment options such as a lockable valuables box, safe, laundry basket etc. can be configured depending on the model. With optionally available folding hinges, the cabinet doors can be opened completely by 270° degrees and thus allow convenient, barrier-free access to the inside of the cabinet.
